

Have you experienced
raised blood pressure
requiring treatment in
pregnancy?

SNAP2 Trial

We are carrying out a study to investigate the role of self-management of raised blood pressure after birth and are looking for participants.

You will be eligible if you are:

Aged 18 or over
and

Yet to give birth or have **given birth** in the
past 7 days
and

Have had **raised blood pressure through pregnancy** (chronic hypertension, gestational hypertension or pre-eclampsia)
and

Require drug treatment when you go home
following the end of pregnancy
