

Have you experienced  
raised blood pressure  
requiring treatment in  
pregnancy?

SNAP2  
trial

We are carrying out a study to investigate the role of **self-management of raised blood pressure after birth** and are looking for participants.

You will be eligible if you are

Aged 18 or over  
and

**Yet to give birth** or have **given birth in the past 7 days**

and

Have had **raised blood pressure through pregnancy** (chronic hypertension, gestational hypertension or pre-eclampsia)

and

**Require drug treatment when you go home** following the end of pregnancy
