

Have you experienced
raised blood pressure
requiring treatment in
pregnancy?

SNAP2 trial

We are carrying out a study to investigate the role of self-management of raised blood pressure after birth and are looking for participants.

You will be eligible if you are:

Aged 18 or over

and

Yet to give birth or have **given birth in the past 7 days**

and

Have had **raised blood pressure through pregnancy** (chronic hypertension, gestational hypertension or pre-eclampsia) and

Require drug treatment when you go home following the end of pregnancy
